

Joslyn Film Series Has Nine Features for July

The Joslyn Film Service, presented each month by the City of Torrance Recreation Department, will feature nine movies for the month of July scheduled for Friday nights, July 5, 12 and 19 at 8 p.m.

All members of the family are being invited to come out and enjoy these films at the Joslyn Center, 3335 Torrance Blvd., which are presented in areas of science, adventure and travel, all designed for family enjoyment as well as cultural enrichment. Admis-

sion is free for all film showings.

KICKING OFF July's film series will be three films on the night of Friday, July 5. The first, "Happy Holidays... Camping in the Smokies," explores the many sights of the Great Smoky Mountain National Park. A film festival award winner entitled "Petri-fied River" will also be seen, depicting the present day West and the geological search for uranium that characterizes the modern West.

Finally, "Fury of the Winds" shows the destructive violence of hurricanes, and how steel structures can be built to resist the giant winds.

On Friday, July 12, three more films will be presented. "In Common Cause" is a rare pictorial record of life in America from pioneer days until present. "Argentina Today" visits Buenos Aires, and a typical cattle ranch in Argentina with its colorful gauchos. "Born in Freedom" is the story of how Edwin L.

Drake drilled the first successful oil well in the face of ridicule and disheartening failures.

FRIDAY, July 19, the third and final presentation for the month of July, has three movies scheduled for viewing. "Hawaii—Aloha Land" exploits the beaches, volcanos, sugar and pineapple industries, and all the colorful beauty that makes Hawaii the foremost paradise of the Pacific. "Matto Grosso Journey (Brazil)" features a visit to

this little known region of Brazil where a famous snake institute is located.

"Enchanted Isles" will be shown for the second time at Joslyn Center due to the many requests for it to be repeated. This film trip to the South Seas shows the coral-studded lagoons, schooners, whale boats, natives spearing fish in the surf and many other beautiful sights of the islands of Polynesia.

For further information on any of these films, call the Joslyn Center.
